UNLOOPED

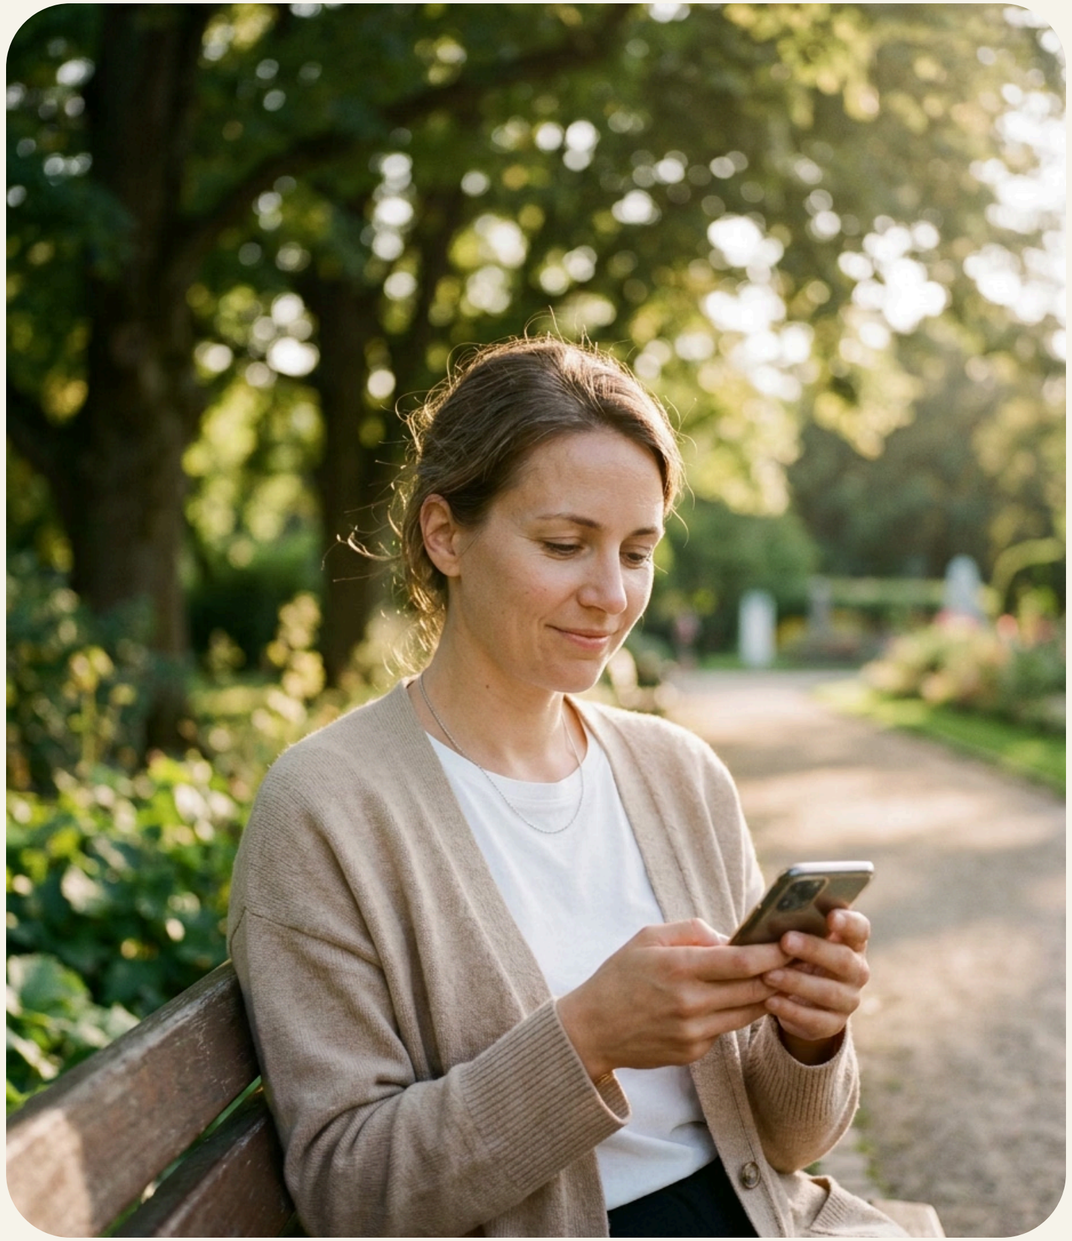

HACKATHON PITCH · TEAM – AGENT OF ONE

# Unlooped

*Break the Loop. Reclaim Your Life.*

An interactive mental wellness & anxiety support platform

**From Overthinking to Living.**

WELLNESS SUPPORT CONCEPT · NOT A MEDICAL DEVICE

Try Pitch

THE PROBLEM

# When anxiety starts controlling everyday life

Anxiety reaches beyond emotions — into confidence, relationships, health fears, daily decisions and the activities people once enjoyed.

### The worry loop

Repetitive worrying and fear of uncertainty.

### Shrinking world

Lost confidence and avoidance of everyday experiences.

### Support gap

Limited access to immediate, affordable coping support.

### Tracker fatigue

Many apps lean heavily on repetitive questionnaires and mood logs.

*“People don’t just need another anxiety tracker. They need support to reclaim their everyday lives.”*

Try Pitch

OUR SOLUTION

# Introducing Unlooped

A mobile-first companion for immediate coping, interactive activities, private journaling and confidence-building.

01 · IN THE MOMENT

## Unloop Now

Immediate grounding and supportive guidance when worry spikes.

02 · EVERY DAY

## Unloop Daily

Interactive coping activities, reflection and meaningful progress.

03 · WITH OTHERS

## Unloop Together

Practical support for trusted friends, partners and caregivers.

HOW IT WORKS · FROM FEAR TO MEANINGFUL ACTION

1 · Open Unlooped → 2 · Choose what you need → 3 · Engage in an activity → 4 · Reflect if you wish → 5 · Build confidence over time

HOME SCREEN CHOICES

- 🌀 My mind is racing
- 🤍 I need support right now
- 🌱 I want to try something meaningful
- 🤝 I want to connect with someone

**No mandatory daily questionnaires. No pressure. No judgment.**

DESIGNED TO COMPLEMENT PROFESSIONAL CARE — NOT REPLACE IT

Try Pitch

ACTIVITIES HUB · MVP

# Engagement beyond questionnaires

A colourful library of short, interactive experiences — picked by the user, never assigned.

### DESIGNED AROUND

- Coping in difficult moments
- Mindfulness and calm
- Connection with others
- Meaningful daily participation

GROUNDING

**5–4–3–2–1 Senses**

GROUNDING

**Find Five Colours**

PRODUCT HIGHLIGHT · EMERGENCY SUPPORT ROOM

# When it feels like too much

One calm, always-reachable screen with minimal reading and clear next steps.

- **One-tap entry** to immediate coping tools
- **Simple grounding** with minimal reading
- **Call a trusted contact** — user-initiated, via device dialer
- **Share location** — user-initiated, needs device permission
- **Red-flag guidance** for medical emergencies
- **Human & professional** support signposting

## CLEAR BOUNDARIES

Calling and location sharing only happen when the user starts them, and depend on browser/device permissions. Unlooped never contacts anyone automatically, does not dispatch emergency services, does not diagnose symptoms and does not replace urgent medical care.

Try Pitch

PRODUCT HIGHLIGHT · SMART PRIVATE JOURNAL

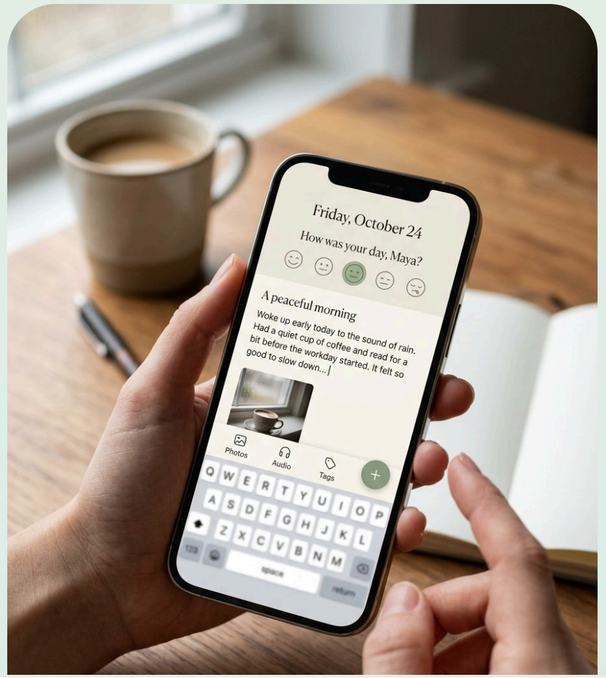

# A safe space for thoughts

Private and user-controlled. Write freely — no rigid forms.

- **MVP** · Free-form writing, no questionnaires
- **MVP** · Save, revisit, export and delete entries
- **MVP** · Optional keyword and theme tagging
- **MVP** · Simple personal summaries
- **Future** · AI-assisted reflection, subject to privacy safeguards and safety evaluation

PLANNED ENHANCEMENT — NOT DIAGNOSTIC

AI analysis is a future capability. It is not a validated diagnostic tool and will only ship after careful safety review.

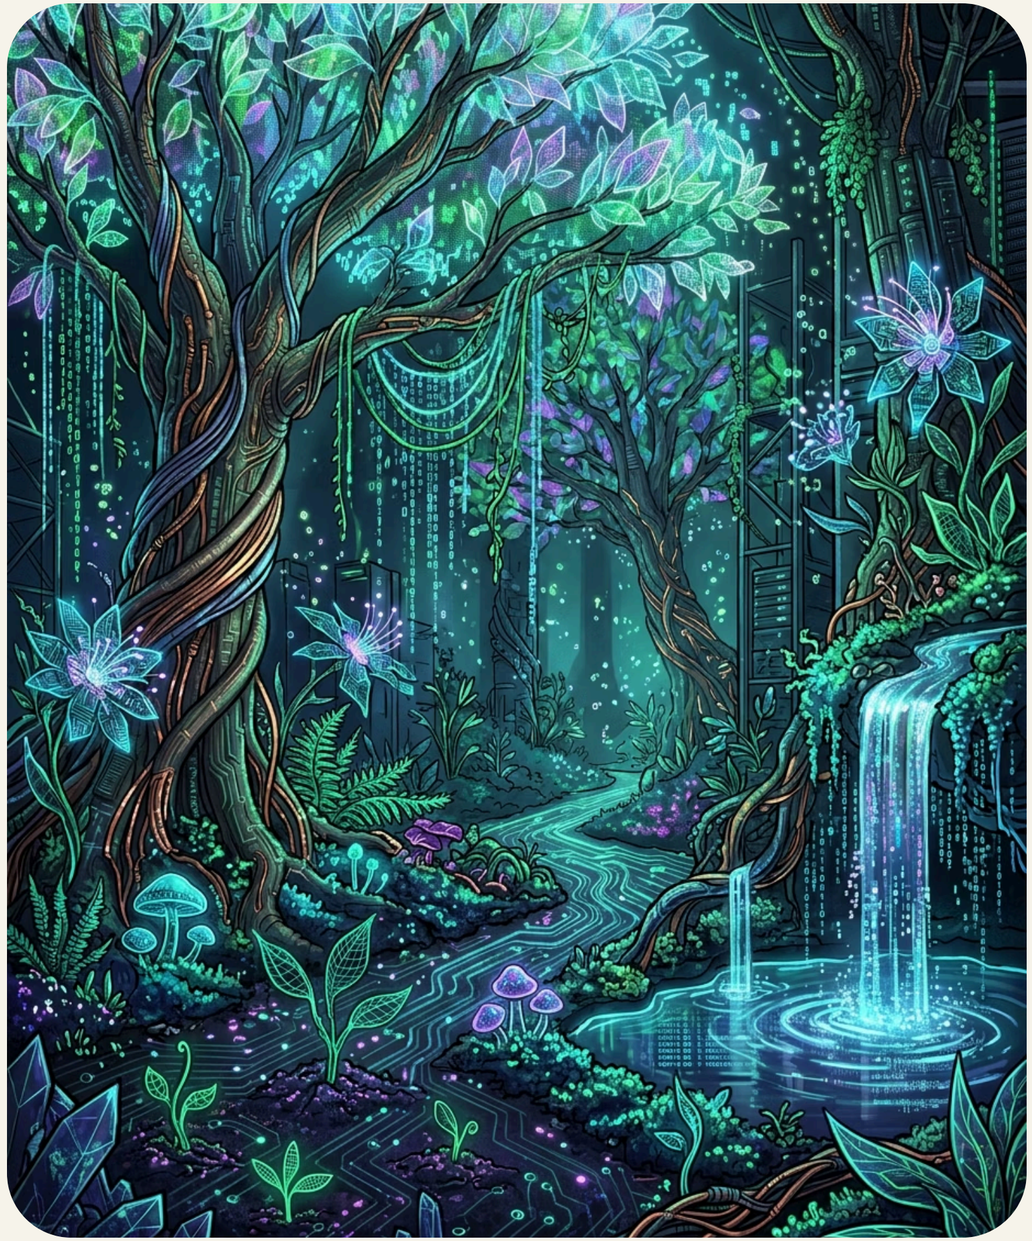

EXAMPLE INSIGHT · NON-DIAGNOSTIC

*“You’ve written about uncertainty several times. Would you like to explore a grounding exercise or reflect on what helped you previously?”*

ALWAYS OPTIONAL · USER CAN DISMISS

Try Pitch

PLANNED ENHANCEMENT · COURAGE GARDEN & LIFE RETURNED

# Celebrate living, not just feeling better

Every meaningful step plants something new in a personal virtual garden.

🚶 Going for a walk

🎬 Enjoying a movie

💬 Reconnecting

🎨 Returning to a hobby

🌱 A small, meaningful step

LIFE RETURNED DASHBOARD

A gentle view of what's coming back into your life.

**Taking part**

ACTIVITIES JOINED OVER TIME

**Wins**

PERSONAL ACHIEVEMENTS

**Reclaimed**

ACTIVITIES BACK IN YOUR LIFE

*No streak pressure. No rankings. No hiding feelings.*

Try Pitch

TOGETHER MODE · FUTURE PHASE

# Support matters

Helps trusted companions respond with compassion:

- Conversation guidance & supportive replies
- Learning about reassurance cycles
- Shared activity ideas
- Boundaries respected · consent-based sharing

**INSTEAD OF**

"Don't worry, nothing will happen."

**TRY**

"I can see this feels frightening. I'm here with you. What would help you take the next appropriate step?"

SERIOUS OR UNFAMILIAR PHYSICAL SYMPTOMS ALWAYS NEED APPROPRIATE MEDICAL ASSESSMENT.

UNIQUE SELLING PROPOSITION

# What's different

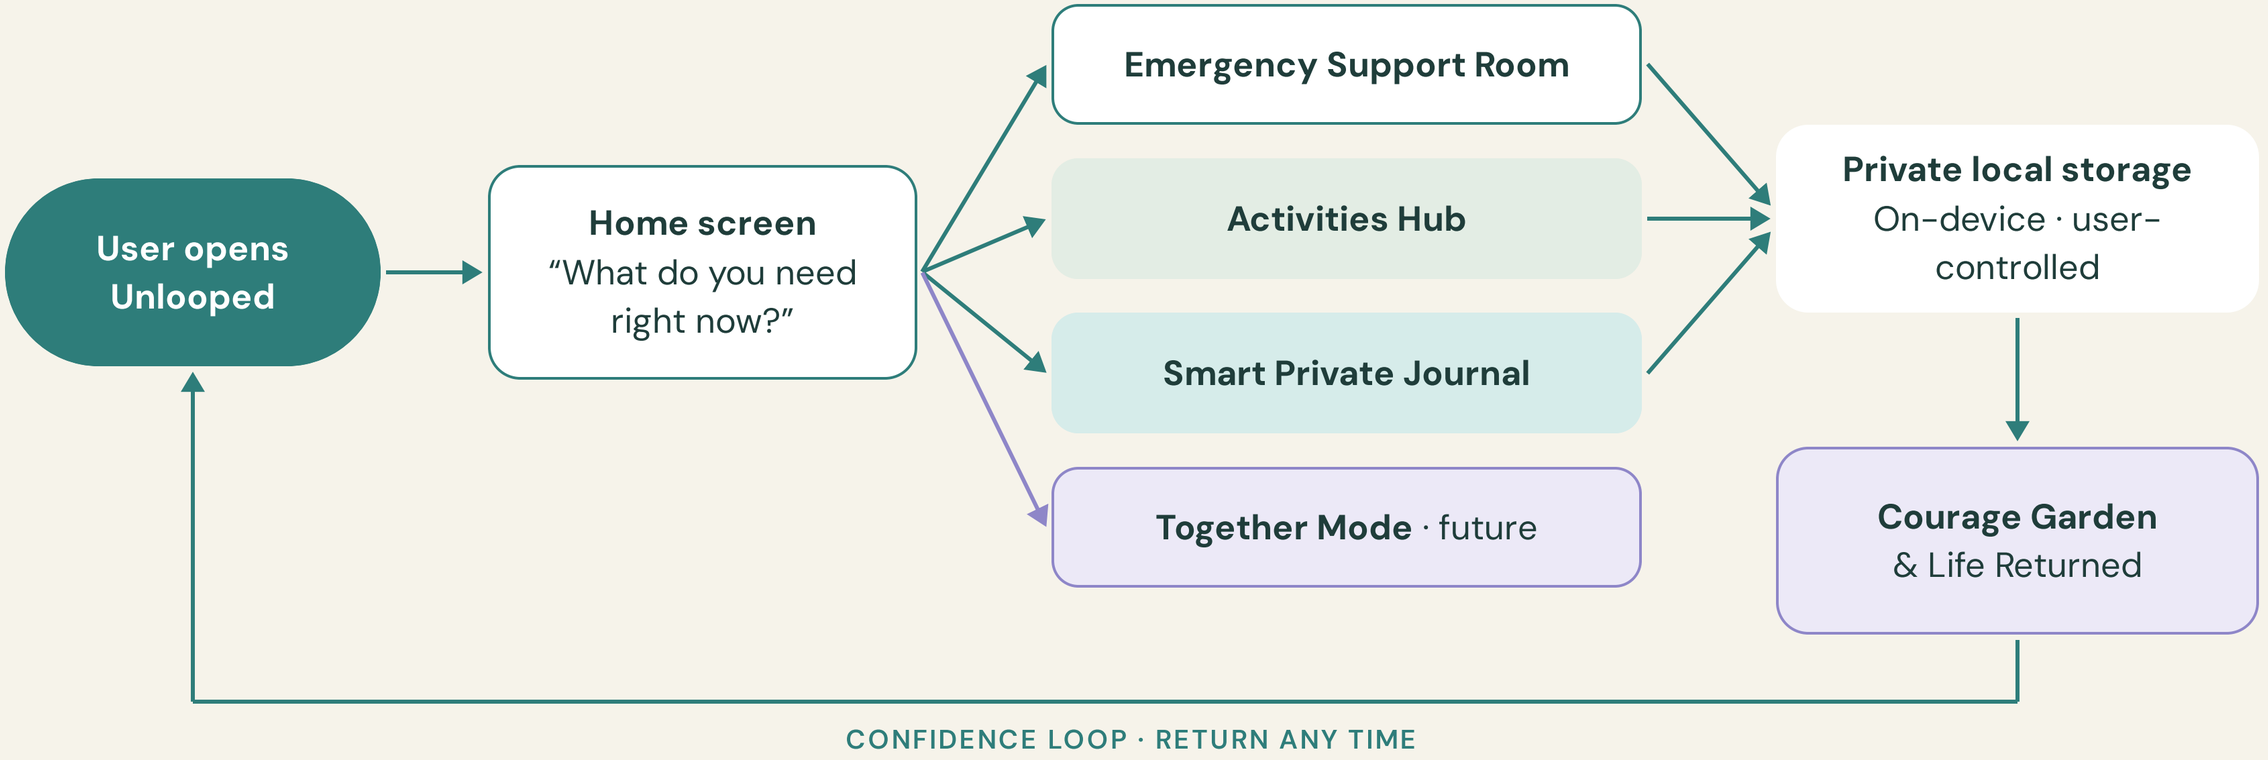

| Focus | Tracking-first apps | Unlooped approach |
|---|---|---|
| Engagement | Often questionnaires & mood logs | Action-oriented, interactive activities |
| Scope | Often a single use case | Immediate coping + long-term confidence |
| Progress | Scores and streaks | Courage Garden & Life Returned |
| People | Usually user-only | Dedicated support for companions |
| Access | Varies | Private, affordable, mobile-first; multilingual roadmap |

*"Unlooped doesn't aim to keep people inside an app. It helps them reconnect with life outside it."*

Try Pitch

SYSTEM FLOW

# How Unlooped works, end to end

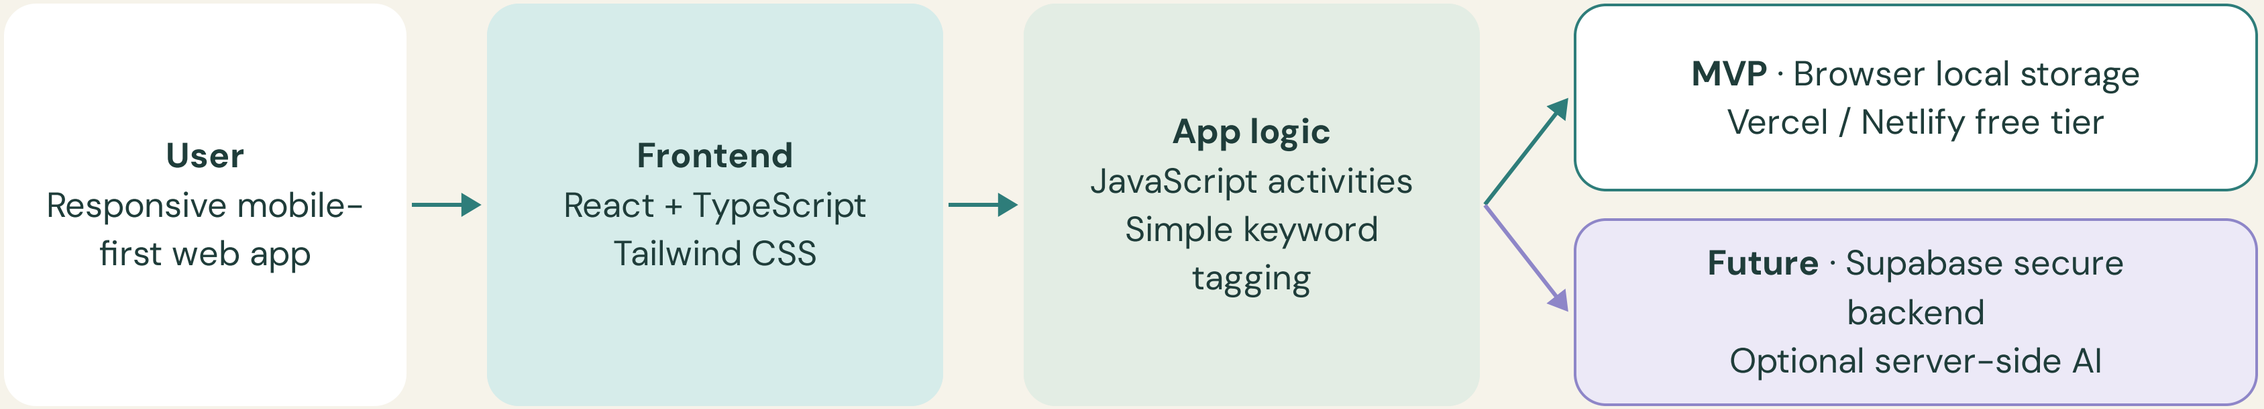

The user picks what they need, uses a tool, and can save it privately if they want to. Progress grows their garden, and they can come back whenever they choose. Teal = MVP · Lavender = future phase.

Try Pitch

TECHNOLOGY, MVP & FEASIBILITY

# Built to start small. Designed to grow.

## MVP ROADMAP

PHASE 1 · HACKATHON SCOPE

### Hackathon prototype

In progress: responsive UI, grounding and calming tools, activity selection and reflection, private journal, emergency-support interface.

PHASE 2 · PLANNED

### Improved product

Courage Garden & Life Returned, Together Mode, AI journal reflection, Supabase accounts, multilingual access.

PHASE 3 · PLANNED

### Public pilot

Required first: clinical safety review, privacy & security assessment, usability testing, verified emergency resources.

THIS IS AN MVP ROADMAP, NOT A FINISHED APP. AN INDEPENDENT SAFETY AND PRIVACY REVIEW MUST HAPPEN BEFORE ANY PUBLIC PILOT. PROTOTYPING USES FREE TOOLS; PRODUCTION SECURITY, PROFESSIONAL REVIEW AND MAINTENANCE MAY NEED FUNDING.

Try Pitch

DEVELOPMENT STATUS

# Where Unlooped stands today

01 · NOW

## MVP: implementation in progress

- Responsive web interface
- Interactive grounding and calming tools
- Activity selection and thought reflection
- Private browser-based journal
- Emergency coping and support interface

02 · NEXT

## Planned enhancements

- Courage Garden and Life Returned dashboard
- Together Mode for trusted companions
- AI-assisted journal reflection
- Supabase backend and secure accounts
- Multilingual accessibility

03 · BEFORE LAUNCH

## Required before public pilot

- Clinical safety review
- Privacy and security assessment
- Usability and accessibility testing
- Verification of emergency-support resources

**Current goal: build, test and demonstrate a functional, accessible Unlooped MVP during the hackathon.**

Try Pitch

VISION & IMPACT

# A world where anxiety doesn't decide how people live

To make compassionate, accessible, practical mental wellness support available everywhere — helping people build confidence, navigate uncertainty and reconnect with meaningful everyday life.

FUTURE GOALS

- Wider language accessibility
- More evidence-informed activities
- Privacy-preserving personalization
- Optional links to professional support
- Research-informed improvements
- Launch as an official app

UNLOOPED

*Break the Loop. Reclaim Your Life.*

*"Progress isn't always the absence of fear. Sometimes it's choosing to live meaningfully even when fear is present."*

UNLOOPED IS A MENTAL WELLNESS SUPPORT CONCEPT, NOT A MEDICAL DIAGNOSTIC TOOL OR A REPLACEMENT FOR PROFESSIONAL OR EMERGENCY CARE.
